Hi Fans

Two more Grammys sit on the Grammy shelf in the den of the Carpenter's home in Downey. Karen & Richard did it again; Grammy award for the best musical duo or group. They thank all of you for writing notes and letters of congratulations. Karen's hair was cut a trifle for this big event and the trim combined with the tighter curl gave it a short look.

Now--the news you have been waiting for! Their new album will be released this month (April). The name of it?--A SONG FOR YOU. Watch for it at your local music stores. Oh yes--"Bless the Beasts and Children" will be on the new album.

There's been a great response to the "Merry Christmas Darling" record and many requests for the Boat Poster. We've managed to secure more of each in our Fan Club office so the offer for both records and posters are still open. They still sell for \$1.00 each.

Please do not get upset if you receive a second Fan Club application. This does not mean you must join again. Your original membership is a LIFETIME one. Pass the second application on to a friend.

Karen & Richard have a busy summer ahead of them & will take this opportunity to share their schedule with you.
